What our participants say

“There are too many good points to list! The course was very relevant to my finance and accounting job and will help me in most aspects of my work. Objectives were clearly stated from the start. I gained a greater knowledge of IFRS and its correct implementation. I feel better equipped to manage after completing the course. This was my objective at the beginning. The trainer got the learning message across by breaking everything down into simplified sections. He gave a broad range of examination criteria and had a very good knowledge of the standards.”

Kapil Duggal

I would highly recommend this workshop to people interested to learn this course.”

“Training was helpful to understand the concept practically and provide confidence to deal with issues pertaining to IFRS. The best part about this training is its flexibility. Due to the nature of our work, we sometimes end up working on weekends as well. But Grant Thornton understands this concern and gives us the flexibility to attend any session as per our convenience.”
